BUOYANT MARKET OPPORTUNITIES in INDONESIA

Be part of INATEX 2016!

Textile products in the international market Indonesia is on the order of 10 to contribute 1.82 percent of total world exports, our export performance under China, Europe, India, Turkey, Bangladesh, USA, Viet Nam, Korea and Pakistan.

Indonesia will emerge as a major sourcing destination for new buyers. As a measure of growing interest in the Indonesian textile and clothing sector, buoyant retailers and brands across the world will look for options of increasing their sourcing from Indonesian markets. Indonesian manufacturers are also proactively working towards enhancing their capacities to fulfill this increased demand.

Indonesia domestic consumption for fabric keep on increasing yearly with 9.8% increment on average (for the past 5 years) from 1.2 mill ton to 2.2 mill ton from 2009 – 2013.

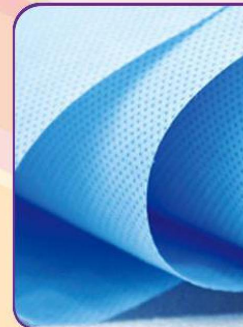

With total population of around 240 million people, the accounted fabric consumption of Indonesia is 7.5 kg/year.
