

Testimonials

“I am aware of the dynamic role of TMMA plays not only in product development but also in giving a complete edge especially to the Indian textile industry by catering to its need for wide range of high quality textile machinery and accessories. TMMA’s services stretch across the whole arena of the textile industry and has put India on the global map with exports directed to over 50 countries. I congratulate you on your growth story and achievements and wish you all success in attaining your goal of making India the global hub of the textile engineering industry.”

Mr Vinod K. Ladia
Past Chairman
Confederation of Indian Textile Industry (CITI)

“I cherish my long standing association with TMMA which is the prime organization in the service of textile engineering industry since its inception in 1958. TMMA has been instrumental in effecting favourable policy changes fro all stake holders through continuous interactions with government authorities during the protected regime, and continues to do so even in the post-liberations era. In short, TMMA has played a quintessential role in the success of the Indian textile engineering industry. I am sure, going forward the Association will also continue to render yeomen service for the advancement of the India textile engineering industry and I wish the Association and its members continued success.”

Mr Atul Bhagwati
Past Chairman of TMMA
